

CALL TO LIBERTY:
BRIDGING *the* DIVIDE BETWEEN
LIBERALS *and* CONSERVATIVES

BY ANTHONY SIGNORELLI

REVIEWS

“*Call to Liberty* is a classic recalling of America to its founding roots, yet in the finest tradition of the Progressives, it updates that Liberal vision to address contemporary threats to individual freedom. Signorelli has written a book for all Americans who refuse to get trapped in the Red/Blue extremist debates.”

DAVID SCHULTZ, PROFESSOR, HAMLINE UNIVERSITY, GRADUATE SCHOOL OF MANAGEMENT

“Everyone should read this book! It is a very timely analysis of social, economic, and political factors that are converging to consolidate power in a way that threatens the foundation of our liberal democracy. Tony offers excellent ideas for how we can revitalize civic engagement and get our country back.”

BOB HILL, HOST OF MINNESOTA MATTERS ON AIR AMERICA MINNESOTA

“Freedom and independence are taken for granted by many citizens. Only when threatened does the importance of our rights become paramount. We need to understand and confront the abuses and excesses of capitalism. As citizens, we can no longer afford the ongoing attack on working families and the middle class at the hands of corporations and their government handmaidens. The future of the Republic and our democracy hang in the balance. Hopefully, this book will serve as a call to action.”

BERNARD L. BROMMER, PRESIDENT EMERITUS, MINNESOTA AFL-CIO
